BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF SEVERY, KANSAS, THAT:

Section One DEFINITIONS

As used in this Ordinance, the following shall apply:

- a. "Customer" or "owner" is the owner of record of real property which is subject to this Ordinance, singular or plural. These two definitions do not apply to any individual or person who resides at or uses the premises by authority of the owner, whether by a contractual agreement between the owner and a renter or by mere permission or authorization of the owner. Such agreements, permissions, or authorizations do not bind the City or create a deviation from the policies and procedures adopted in this Ordinance.
- b. "Individual" refers only to natural persons or a natural person's duly appointed legal guardian or conservator. "Person" includes natural persons, corporations, companies, partnerships, associations, and all other types and kinds of organizations and entities, without limitation.
- c. "Law Enforcement Officer" includes individuals so designated by a police department, a sheriff's department, or a state or federal law enforcement agency or department.
- d. "Premises" means real property situated within the City limits that contains structures used or intended for human occupancy, business use, recreation, or other human use.
- d. "Quorum," for purposes of this Ordinance shall include at least three Council members. The Mayor is not included in the quorum but may cast a deciding vote in case of a tie vote among Council members.
- e. "Utility, utilities, or utility services" means any or all of the following services provided by the City: water service, sanitary sewer service, and refuse collection service.

Section Two
DISCONTINUATION OF UTILITY SERVICES

- a. The City will discontinue a particular utility service to any customer, without notice or hearing, for either of the following reasons:

(1) When a customer has so requested in writing. Any unpaid bills, fees, or charges payable at the time of discontinuation shall remain due, owing, and subject to collection by the City through any legally available means. Customers shall remain responsible to furnish the City with a correct billing address for collection of such amounts.

(2) When it is determined by the City's Public Officer, the Fire Department Chief, or a law enforcement officer that continuance of a particular utility service constitutes a dangerous condition which presents an immediate threat to health or safety of persons or property on or near a customer's premises.

- b. The City may discontinue or refuse to provide a particular utility service to any customer, following compliance with the requirements of Section Four of this Ordinance, for any of the following violations:

(1) Failure to complete the City's form application for commencing water/sanitary sewer/ refuse collection services showing record ownership of the affected real property, or failure to timely pay utility bills, fees, or charges as provided in Section Four of this Ordinance.

(2) Misrepresentation of a customer's identity, and/or a customer's intentional provision of other false information provided to obtain or continue to receive utility services from the City.

(3) Refusal of a customer, or an actual or implied agent of that customer, to allow access to the customer's property for the purpose of inspection, meter reading, maintenance, replacement, or removal of any utility service, so long as such access is by an individual designated by the City to perform one or more of those activities.

(4) Violation by a customer, or an actual or implied agent of the customer, of any rule, regulation, or ordinance of the City pertaining to utility services, when such violation adversely affects the City's utility service premises or delivery systems.

Ordinance No. 435 (Page 3 of 5)

(5) Any attempt by a customer, or by any occupant, or by any agent of a customer, to alter, interfere with, divert, tamper with, or damage, the City's utility services, devices, or service systems without specific authorization from designated City employees or officials.

c. With substantial evidence of any violation listed in Section Two, Subsection b. (1)-(5) above, the City may refuse or discontinue utility services following written notice to the customer, sent by regular mail to the address provided by the customer in the application to obtain service and to any other address where the services are ordinarily billed, describing the applicable violation(s), and setting a date for discontinuation of the affected services.

(1) The customer shall have the right to a timely hearing before the City Council as to the notice provided in this Section Two, Subsection c. Notice of such hearing shall be provided only if a written objection to discontinuation is received by the City Clerk within ten calendar days of the receipt-of-notice date verified in the customer's written objection. Objections must verify the date the notice was received by the customer and specify good cause for the objection.

(2) If no timely written objection is received by the City Clerk, discontinuation may proceed forthwith, at the discretion of the designated officer of the City.

(3) Hearings on customer objections will ordinarily be held on a date scheduled for a regular meeting of the Council. The City Clerk shall notify each objecting customer of the date the customer's hearing will be conducted. A different hearing date may be granted at the discretion of the Council, for good cause shown by the customer or the Council.

(4) The objecting customer must appear personally, or through a duly appointed legal guardian or conservator, and the customer may also be represented by another individual, at the customer's option. The Kansas rules of evidence will not apply to the hearing, and the customer's representative need not be a licensed attorney. If the customer intends to appear with a representative, the representative's name must be provided to the Council at least 24 hours before the hearing in order to be heard at the hearing on behalf of the customer.

(5) Upon a hearing held in compliance with this Section Two, Subsection c., should there be a finding in favor of the customer's objection, as described in Section One(d) above, the utility service applicable to the customer's objection shall continue under the provisions of this Ordinance 435 and Ordinance 436, at no additional cost to the customer beyond bills, fees, or charges that were in place on the date of the notice of discontinuation, to the extent such items were not waived or discharged in the findings of the Council. If there is not finding in favor of the customer, the City may proceed as described in this Ordinance.

Section Seven

The customer shall also pay a seventy-five-dollar (\$75.00) reconnection fee.

This Ordinance shall be in full force and effect from and after its adoption, summary publication in the official city newspaper, and website publication. Any prior ordinances or parts of prior ordinances are repealed in whole or in part, to the extent they may conflict with this ordinance.
